Your First Source for Quality, Service and Value

Builders FirstSource strives to be the preferred supplier of structural building materials and services to homebuilders and remodelers across the nation by giving them both personalized attention at the local level and a wide range of resources only offered by a large company.

Builders FirstSource carries a wide selection of high-quality building materials. The products carried at each location are selected to meet the needs and preferences of the local market.

www.blldr.com

Builders FirstSource is your first source for building products.
Call or stop by today!

WELCOME TO THE SHOW!

Welcome to the 12th Annual Build and Remodel Expo, the area's largest show focused on building. As you walk the show floor, we hope you'll find new products and trends that inspire you. Take this opportunity to talk to exhibitors, ask questions, and get on their schedules! Builders in Western North Carolina are busier than ever, be sure to find the one who will make your next building or remodeling project a reality.

This year's show is a bit smaller than years past due to the COVID-19 pandemic, but we believe we have assembled a diverse group of exhibitors to meet your needs.

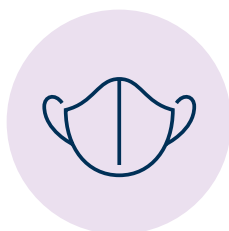

Take advantage of our education schedule (see pages 4-5), where professionals will share their knowledge via live demonstrations and informative workshops. Classes start on most every hour.

Share your show experience on Social Media with the hashtag #buildandremodelexpo and #AHBAbuilds!

Lanyard Sponsor:

Know your 3 Ws!

WEAR

a cloth mask
over your nose
and mouth.

WAIT

6 feet apart
when you can.

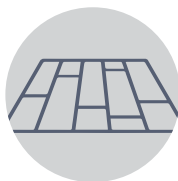

WASH

your hands
or use hand
sanitizer.

EDUCATION: LEARN FROM THE PROS!

SATURDAY, MAY 1

11 AM - Maintain your Flooring for Long Time Use!

Leila Pierce, Carpet One Floor & Home - Asheville

Flooring is a huge investment in any home and you want it to last as long as it can and look good. In this info session you will learn some basic rules for maintaining the quality of your hardwood floors, carpets, linoleum, and rugs.

12 PM - Selecting your Builder, Choosing the Right Fit for You

Jay Cope, Semper Fi Custom Remodeling

There are many wonderful builders in Western North Carolina, but how do you find the right one for YOU? With years of industry knowledge, Jay will share some of the best ways to find your perfect match, especially in the process of remodeling a home you love.

1 PM - Is Window Film a Good Option for New or Renovated Homes?

Bryant Devlin, EcoArc Home and Office Window Tinting

Learn the 7 amazing benefits of home window tinting and how they can save you both energy and money. There will be an overview of common misconceptions of window film and why every home owner should consider it.

2 PM - Protecting Trees Through New Home and Addition Construction

J. Patrick George, Heartwood Tree Services LLC

Walk through a list of simple precautions, actions, and agreements to consider to help existing trees survive and thrive through the construction process. It's all about protecting the trees.

3 PM - Checklist for Land Purchase/New Construction - Benefits of Working with a Local Realtor

Kenny Crowley, Looking Glass Realty

Make sure you know what questions to ask, when you purchase the land for your dream home build. Why would you need a licensed Realtor for that? Realtors know so much more than just homes and local Realtor Kenny Crowley will explain.

Don't miss these FREE workshops - no registration necessary!
Look for the Education banner to grab a seat.

SUNDAY, MAY 2

12 PM - Tips and Tricks of Home Organization from a Professional

Kerry Mayer, More Time Less Stuff

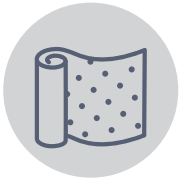

Life can be easier when your home is organized, so let professional organizer, Kerry Mayer, share some of her favorite tips to get your home where you want it to be or perhaps, beyond!

1 PM - Financing Options for Building or Renovating your home

Donna King, Union Home Mortgage

Did you know there are different loan programs available for both building and renovating a home? Construction loan options include primary and secondary homes. Renovation loans include primary, secondary and investment property homes. You will learn how these loans are different from a traditional loan.

2 PM - Sustainability in the Home

Gillie Roberts, Ware

Come discuss a variety of tips to make your home more energy efficient, while also considering the value of using and repairing what you already have before buying new.

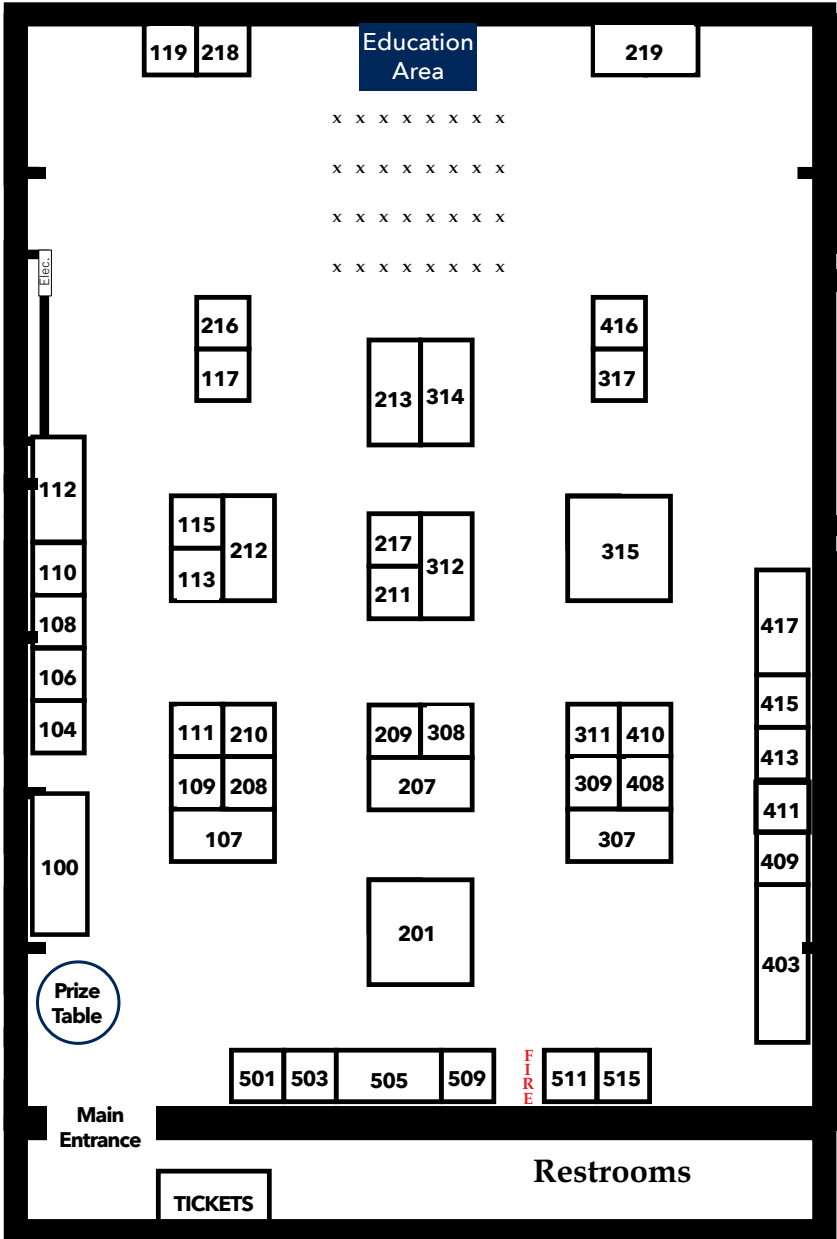

Each info session ends with a quick Q & A with the Presenter.

The Asheville Home Builders Association would like to extend a huge THANK YOU to the presenters for taking time to share their expertise.
